10333120002 | 4-blade HSS cutter for deburring tubes and threaded rods. Hex shank 6.35mm quick change - Ø 4 to 20 mm

- **Especially for high-strength steels, stainless steels and cast irons**
- **Maximum long life**
- **Burr-free chanfers**
- **Excellent surface finish**
- **Minimum vibrations**

- Quick-change shank
- High-speed steel

Machine

Application

[M]- Stainless Steels

Stainless steel tube

Features

Properties and benefits

- Quick-Change hex attachment: a hexagonal recessed attachment for the quick locking and unlocking of the bit. Compliant with the DIN 3126 E6.3 standard ➔ Enables the quick changing of your bits by doing away with the manual tightening/loosening of the chuck. For drills and screwdrivers.
- High-speed steel: HSS substrate ➔ For general use in steels and cast irons up to 950 N/mm²
