

1080163 | Single spiral wood drill bit L200 mm - SDS+ TECHNIC (Hanging SDS clip)

High-performance drill bit for deep and through-drilling, in all types of wood, thanks to its single, high-clearance fluting. SDS+ shank

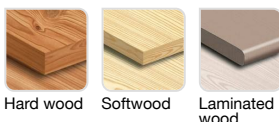

- Especially for hard and soft woods
- Deep and through-drilling
- Optimal chip removal
- Especially for hammer drills
- Maximum long life
- Carbon steel
- Large chip clearance
- Centring point
- SDS+ attachment
- Long series

Machine

Application

Features

Properties and benefits

- + Carbon steel: body designed in a grade of steel designed for thermal processing, enabling excellent power and torque transmission. ➡ Enables the fast and precise cutting of the tools into soft and hard woods. Superior service life.
- + Effective removal of chips: flutes wit effective removal, for the optimal removal of chips. ➡ Enables fast drilling on account of the simple removal of chips.
- + Centring point: cut designed with a central centring point ➡ Enables the simple centring of the drill for precision work.
- + SDS+ shank: attachment especially adapted for use on SDS+ hammer drills. ➡ Enables the rotary use of wood drill bits on SDS+ hammer drills.
- + Long series: tool designed with a long body and flutes, for the effective removal of chips ➡ Enables deep and through-drilling
