

Incredibly fast and precise high-performance drill bit for the hardest of woods, thanks to its speed point cut, which is particularly suited for angled drilling.

- Especially for hardwoods and terraces
- Incredibly fast drilling
- Maximum long life
- Ultra-precise/controllable drilling
- Made in France
  
- High-speed steel
- Tri-flat shank
- SPEED-POINT tip
- SLR laser graduation

### Machine

### Application

### Features

### Properties and benefits

- + High speed steel: type of steel especially designed for cutting tools. High strength, excellent cutting edge strength, and resistance to wear
  - ➡ Enables the optimal, long-term cutting of tools into the hardest of woods. Maximum lifespan.
- + Tri-flat shank: cylindrical shank with 3x 120° flats, for 3-piece drill chucks.
  - ➡ Enables maximum torque transmission Prevents the rotation of the bit in the chuck. Specially adapted for through-holes.
- + SPEED-POINT tip: Special TIVOLY grinding bit, for simple centring, and an attack and exit without splinters.
  - ➡ Enables incredible fast drilling, and drilling at an angle, without a guide and with no slippage.
- + SLR laser graduation: laser graduation on the cutting part of the drill bit.
  - ➡ Laser graduation allows you to control your drilling depth while the bit is rotating.
