

High-strength drill bit for drilling concretes and construction materials.

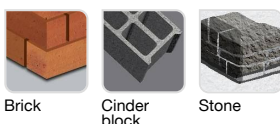

- Especially for concrete and brick
- Tough
- Precise drilling

- Burred flute
- Carbide cutting insert
- Cylindrical attachment

Machine

Application

Features

Properties and benefits

- + Milled flute: body of the tool designed with mill-cut flutes for optimal rigidity and good power transmission ➡ Enables good tool rigidity and impact transmission.
- + Carbide cutting insert: carbide cutting insert for breaking down construction materials ➡ Enables the effective breaking up of materials.
- + Cylindrical shank: cylindrical attachment for all types of machine equipped with a 3-jaw chuck. ➡ Universal and safe attachment, suitable for all drills equipped with a 3-jaw chuck.
