

# 1092273 | MASTER3 concrete drill bit with 3 cutters - L110 mm - Centring tip - Triple flute - SDS+ TECHNIC (Hanging SDS clip)

High-performance drill bit for the incredibly fast drilling of reinforced concrete and harder materials, thanks to its carbide cutting insert with 3 cutting edges.

- Especially for reinforced concrete and hard materials
- Incredibly fast drilling
- Maximum long life
- Excellent dust removal
  
- SDS+ shank
- High-strength steel
- With 3 cutting edges
- Triple flute

## Machine

## Application

Concrete Reinforced concrete Stone

## Features

## Properties and benefits

- + SDS+ shank: attachment for SDS+ hammer drills (10 mm shank diameter) compliant with the SDS+ label, up to a power of 3 joules. ↻ Maximum striking power transmission for the simple and fast processing of the most difficult materials. For bits measuring 4 to 25 mm.
- + High strength steel body: body designed in a grade of steel designed for thermal processing, enabling excellent power and torque transmission. ↻ Enables optimal power and torque transmission to the head of the tool.
- + Cutting insert with 3 cutting edges: carbide cutting insert with three curved and serrated cutting edges. ↻ Enables the fast and long-lasting drilling of hard materials and reinforcing rods, thanks to its centring point and its curves and serrated cutting edges.
- + Triple flute: body of the tool designed with 3 flutes for the optimal evacuation of materials ↻ For optimal and regular evacuation of dust., without an aerosol effect.
