

Max. torque 50 Nm.

- **Tough**
- **Quick-change shank**
- **For impact machines**
- **Ball system**

Socket holder for female square sockets 1/2" Lg 70 mm 3/8" Lg 50 mm 1/4" Lg 50 mm

Features

Properties and benefits

- + Quick-Change hex attachment: a hexagonal recessed attachment for the quick locking and unlocking of the bit. Compliant with the DIN 3126 E6.3 standard → Enables the quick changing of your bits by doing away with the manual tightening/loosening of the chuck. For drills and screwdrivers.
- + Shock Series Impact: geometry and material specifically designed for use on high-power impact machines. → Resistant to high tightening torques and can handle all seized screws and bolts.
- + Ball system → Enables the locking of the accessory without any added safety ring or pins.
