

# 1T20522 | CUP brush - Brass-plated steel wire - Stripping of wood, brass, copper **TECHNIC** (Blister Box)

For stripping taks and for the removal of paint, rust, limescale, incrustations and burrs

- Superior long life
- Quick-change shank
- Corrugated wire
- Brass-coated steel wire
- Cup shape

## Machine

## Application

Wood

## Features

## Properties and benefits

- + Quick-Change hex attachment: a hexagonal recessed attachment for the quick locking and unlocking of the bit. Compliant with the DIN 3126 E6.3 standard ➡ Enables the quick changing of your bits by doing away with the manual tightening/loosening of the chuck. For drills and screwdrivers.
- + Corrugated wire: light stripping of your surfaces, thanks to the crimped material. ➡ Enables the gentle brushing of your surfaces with no need to apply pressure.
- + Brass-coated steel wire: very strong brass-coated bristle with good, aggressive brushing ➡ Enables stripping and rust removal from all your surfaces. The coating gives the product a longer lifespan.
- + Cup shape: round geometry for use on flat surfaces. ➡ Enables simple stripping on flat and wide surfaces.
