

High performance milling cutter for grooving. Versatile use. Made in France.

- Especially for steels and aluminiums
- Effective Chips removal
- Made in France

**Machine**

**Application**

N- Non-ferrous alloys

P1- Unrealized steels

P2- Weakly allied steels

**Features**

Item number M3	EAN (13 digits)	M3 Cutter diameter	Handle diameter or CM	Total length	Trimmed length	Number of teeth
