

For stripping work, such as the removal of paint, rust, limescale, incrustations and burrs.

- Quick-change shank
- Corrugated wire
- Steel wire
- Pencil brush

Machine

Application

Sheet metal

Painted metal

Rust

Features

Properties and benefits

- + Quick-Change hex attachment: a hexagonal recessed attachment for the quick locking and unlocking of the bit. Compliant with the DIN 3126 E6.3 standard → Enables the quick changing of your bits by doing away with the manual tightening/loosening of the chuck. For drills and screwdrivers.
- + Corrugated wire: light stripping of your surfaces, thanks to the crimped material. → Enables the gentle brushing of your surfaces with no need to apply pressure.
- + Steel wire: bristles that are highly resistant to wear and traction → Enables stripping, rust removal, and the deburring of all your surfaces.
- + Pencil shape: tube-type geometry for use in tight spaces. → Enables simple stripping in difficult to access spaces and corners.

| Code | EAN | Ø | Edge thickness | grain | Specificity | QTY | PCB |
|--------------|---------------|----|----------------|-------|------------------|-----|-----|
| XT2052006063 | 3128820060633 | 18 | 0,35 | | Corrugated steel | 1 | 3 |
| XT2052006064 | 3128820060640 | 22 | 0,35 | | Corrugated steel | 1 | 3 |
| XT2052006065 | 3128820060657 | 28 | 0,35 | | Corrugated steel | 1 | 3 |
