

Multi-blade carbon steel tool. Ideal for routing pipes, ducts of all sizes, and consumer unit enclosures.

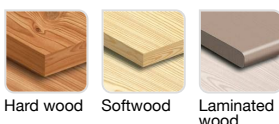

- Hexagonal shank
- Carbon steel toothing
- Multi-blade
- All-in-one

Machine

Application

Features

HCS

Properties and benefits

- + Hexagonal shank: shank machined with 6 flats ➡ Excellent hold of the bit inside the chuck, enables maximum torque transmission.
- + Blade made from HCS carbon steel: high-strength carbon steel ideal for cutting into soft wood and non-abrasive carpentry materials. ➡ Enables longer service life thanks to the flexibility of the blade.
- + Multi-blade: several diameters of hole saws available. ➡ Hole saws enable the better coverage of your drilling requirements, thanks to their multiple blades covering several different diameters.
- + All-in-one: a complete tool including the base, m blade, and guide bit. ➡ A complete, ready-to-use tool.
